

# Participation in SIEC - Interest Form

## Overview

The Arizona Statewide Interoperability Executive Committee (SIEC) is a sub-committee of the Public Safety Communications Advisory Committee (PSCC), responsible for managing the interoperability spectrum in Arizona. The SIEC is currently a five-member advisory committee, representing a cross section of the state's public safety and interoperable communications community from:

- AZ Department of Public Safety/Wireless Systems Bureau
- County Emergency Management/Public Works
- County Sheriff
- Medical Transport
- Retired AZ Department of Health Services

The technical subcommittee of the SIEC will likely be working this year on development of technical policies, standards, and procedures and spectrum management and may work on Communications Asset Survey and Mapping (CASM) activities.

The operations subcommittee of the SIEC will likely be working this year on Standard Operating Procedures (SOPs), Training, Exercise and Outreach activities.

## Solicitation of Interest

The GITA-PSIC office is soliciting interest in participation on the SIEC from technical, operations and first responder members of the public safety community, including federal, state, local, tribal and non-governmental organizations. The 2009 SIEC Committee meetings are currently planned for the following dates from 10:00 AM to Noon:

- April 8, 2009
- June 10, 2009
- August 12, 2009
- October 14, 2009

Potential areas of involvement include the SIEC committee of the whole, the technical subcommittee, or the operations subcommittee.
